Charts

Grey bars are September, blue bars are October. A red bar marks an on-time drop of 10 points or more.

Recommended actions

#	ACTION	OWNER	WHEN	PRIORITY
1	**Audit transit logs for East region carriers to locate delays behind the 55.4% on-time delivery rate.** East region on-time delivery fell 24.0 pts.	Logistics Manager	this week	High
2	**Inspect customer return reasons logged across the 114 Electronics orders in the South.** Southern Electronics returns hit 18.4% compared to the overall 4.5% return rate.	Quality Assurance Lead	by Friday	High
3	**Set a limit on Wholesale order discounts to reverse the +6.1 pts discount increase.** Wholesale gross margin dropped 5.7 pts following larger discounts.	Sales Director	next week	Medium

How this report was produced

Accuracy checks

- All figures were calculated in code from the source data. The writer only received the finished figures.
- Every number in the text was checked against the figure it cites before publishing: **passed**.
- Statements citing figures: 8 of 8.

Data preparation

- 2988 rows received, 2967 used.
- Removed 18 exact duplicate rows.
- Standardised 25 'region' labels (spacing/capitalisation).
- Normalised 2 non-standard return flags (e.g. 'yes').
- Excluded 3 rows with missing dates or invalid quantities/ prices.
- 10 orders have no delivery time; they are excluded from delivery figures only.
